### What our clients say

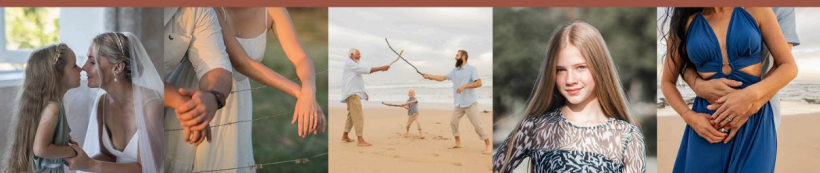

Lorem ipsum dolor sit amet consectetur adipiscing elit semper dalar elementum tempus hac tellus libero accumsan.

CharMa Photography exceeded all our expectations! Chantone did a phenomenal job capturing the love and connection within our little family. From start to finish, the experience was seamless and filled with joy. She made us feel comfortable and guided us beautifully through the shoot. The final photos are absolutely stunning — each one tells a story and will be cherished forever. Chantone has an incredible eye for detail and a gift for capturing genuine moments. We are so grateful for this experience and highly recommend CharMa Photography to anyone looking to create lasting memories.

OUR EXPERTISE

WHAT WE DO

Zoho Analytics & Reporting

Harness the power of data with Zoho Analytics. Our experts provide deep insights and customized reporting capabilities, empowering you to make informed business decisions through tailored reports and interactive dashboards.

Zoho Implementation

From initial setup to configuration and training, our team manages the entire implementation process of Zoho applications. We guarantee a smooth transition to Zoho, minimizing downtime and maximizing productivity for your business.

Zoho Creator Applications

Develop tailored solutions using Zoho Creator to address specific business needs. Whether it's extending CRM capabilities, creating project management tools, or building custom databases, we leverage Zoho Creator's platform to build robust applications that drive efficiency and productivity.

Zoho Customization

We customize Zoho applications to align with your unique business needs perfectly, ensuring optimal functionality and efficiency. Whether you require custom modules, workflows, or user interfaces, our team tailors Zoho to meet your specific requirements.

Contractor Tools

Our specialized contractor tool enables companies in South Africa to assess and manage tax obligations efficiently. Featuring a tailored questionnaire aligned with South African tax legislation, the tool helps determine tax withholding requirements based on contractors' responses. This streamlined approach ensures compliance with local tax laws, providing clarity and efficiency in financial management.

Zoho Integrations

We seamlessly integrate Zoho applications with your existing systems and third-party applications, streamlining data flow and enhancing overall business processes. Our integrations ensure that your Zoho environment operates in perfect harmony with your entire IT ecosystem.

## How We Maximize Your Online ROI with Highly-Curated Data

Acceler8Now bridges the gap between inbound and outbound marketing.

Our leading-edge approach combines advanced digital intelligence with our multi-touch Appointment Accelerator™ system. We offer a powerful and flexible campaign framework, utilizing a proprietary, semi-automated process in synergy with advanced AI systems, all under the oversight of our expert leadership team. This enables you to run multiple campaigns at once in a single market segment, adjusting resource distribution based on response rates, and other analytical data.

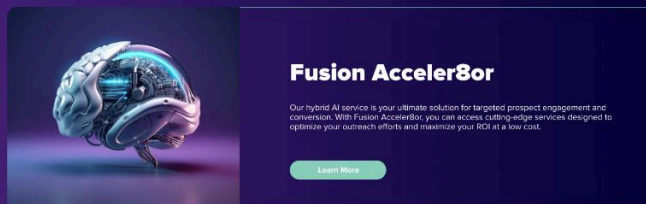

## Our Client Testimonials

“After 70 days we have over 150 leads and are closing our first deals.”

I was very hesitant to work with a lead generation company. But Acceler8Now is so much more than that. Sarah, Tashar, and her team work tirelessly to find ways to make our campaign work. Outbound is not easy to execute, but they held away the pain and truly delivered. I highly recommend you give them a try. They can't make it worse - no one can!

## Our Other Solutions

### EncounterCURE

Next-level encounter management. Encounter data discrepancies are automatically corrected before submission, ensuring fast, accurate encounter reporting. The solution can select, prepare, and publish encounters from adjudication or billing systems. EncounterCURE also receives and organizes encounter responses, creating tasks for your team to address.

### ClaimsCURE

Pre-verification enables streamlined adjudication. Incoming claims are pre-screened before they reach the adjudication system, identifying issues and triggering flexible options for handling potentially rejected, duplicate, and misdirected claims. Our solution verifies eligibility, provider approval, covered services, and valid codes using reference data from government and all relevant sources.

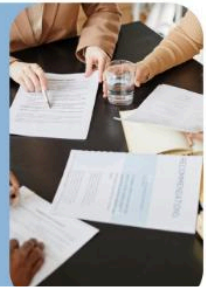

### PaymentsCURE

Faster, smarter payment processing. Accelerates the turnaround time on every payment in or out. The solution provides active management of Incoming Capitation, Premiums, Subsidies and Claims, and outgoing Provider and Broker Payments files from various sources and seamless information exchange between payer/payee systems and your finance system.

### RecoveryCURE

Maximized revenue recovery. Whether you're recovering for DoFRs, insured services, carveouts, or enrollment guarantees, our automated technology and custom billing capabilities identify, analyze, and prepare claims for revenue recovery. Crucially, we track and match payments and manage disputes, ensuring you receive every dollar you are owed.

## What Our Clients Say

“--automation of PCP assignments has saved our business teams hundreds of manual input hours monthly.”
